TENTATIVE AGREEMENT – Three Furlough Days

The agreement provides that all district employees (classified, certificated, and management) will take three furlough days to help the district during these difficult financial times. The savings from the Classified furlough days will pay for the restoration of Classified employee jobs.

Classified employees gain the following from this agreement:

- * Prevents additional general fund layoffs (2011-2012)**
- * Returns 12 or more people (10.5 FTE) back to work**
- * Extends Medical benefits through August 2011 to laid off Classified employees**
- * Provides for furlough restoration depending on state funding**

The district also agreed:

- * There will be no contracting out of classified positions.**
- * The District will not use volunteers, students, administrators or others to do the classified work of laid off employees.**
- * The workload for remaining employees in the same classifications of laid off employees will not be increased.**
